Monthly Investment Performance Analysis

City of Jacksonville Employees' Retirement System

Period Ended: October 31, 2022

General Market Commentary

- Global equity markets rebounded sharply in October. Most major US equity indices posted high-single digit to low-double digit gains during the month, and most international equity indices posted low-to-mid single digit gains, with the exception being emerging markets which declined during the month.
- Despite persistent inflation, downward revisions to expected 2023 global GDP growth, and a tight US labor market, equity markets rallied in October after the release of strong corporate earnings as well as optimism that the Fed would signal its intent to slow down interest rate increases in the near future.
- Bond markets continued to fall in October, with most fixed income indices posting low-single digit losses. The continued decline in the bond market is primarily due to persistently rising yields across all maturities, driven by the Fed's repeated increases to the Federal Funds Rate.
- Equity markets posted positive returns in October as the S&P 500 (Cap Wtd) Index returned 8.10% and the MSCI EAFE (Net) Index returned 5.38%. Emerging markets returned -3.10% as measured by the MSCI EM (Net) Index.
- The Bloomberg US Aggregate Bond Index returned -1.30% in October, underperforming the -0.45% return by the Bloomberg US Treasury Intermediate Term Index. International fixed income markets returned 0.18%, as measured by the FTSE Non-US World Gov't Bond Index.
- Public real estate, as measured by the FTSE NAREIT Eq REITs Index (TR), returned 4.89% in October and 4.12% over the trailing five-year period.
- The Cambridge US Private Equity Index returned 8.60% for the trailing one-year period and 17.95% for the trailing five year period ending June 2022.
- Absolute return strategies, as measured by the HFRI FOF Comp Index, returned 0.87% for the month and -6.99% over the trailing one-year period.
- Crude oil's price increased by 8.86% during the month, and has increased by 3.54% YoY.
